Klein Hornig NMTC QALICB Training Webinar

New Markets Tax Credits (NMTCs) are a significant part of Klein Hornig's practice. For many of our clients, NMTCs offer a strong economic tool to support project development.

This free training will focus on providing a general overview of the NMTC program, including NMTC eligibility, allocations, and various financing structures to best utilize these credits. We recommend this training for any potential developers/sponsors that may be considering an NMTC Transaction, as well as developers/sponsors that already have NMTC allocation lined up and are planning next steps.

This 90-minute training will cover the following:

- NMTC Outline and Allocation Process
- NMTC Funding and Applications
- QLICI Loans
- QALICB Information and Requirements
- Compliance Issues
- Putting Together the Deal Participants and Getting to a Closing

WHEN: Tuesday, June 18th, 10:00am-11:30am EST. OR Thursday, June 20th, 3:30pm-5:00pm EST.

RSVP: Please email Amanda Cote at acote@kleinhornig.com to sign up or receive more information.
